President's Message

I am personally gratified to be re-elected as QFA's president for another year. I have been a member for over 30 years. My priority remains to consult with English-speaking farmers and rural residents all across the province. QFA wants you to tell us how we can provide pertinent and timely information and services to meet your needs.

The QFA continues working to bridge the gap – which is getting ever smaller – between French- and English-speaking farmers and their associations in Quebec and throughout Canada. In addition, we provide opportunities that you cannot find or be exposed to anywhere else. In the year ahead we will continue our important networking efforts to hold our agricultural community together.

Sincerely,

Chris Judd
